

Tara Canyon

43.1358154, 19.3165762

43.1227233, 19.3221333

The canyon of the Tara River, known as the Tears of Europe is 93 km long, and is the second deepest in the world, just behind the Colorado canyon. It reaches a depth of 1300m, and extends in a length of 93 km. This is one of the most beautiful canyons in the world primarily because of the clean, drinking water, vegetation, a large number of endemic species. This canyon is under UNESCO protection. Tara Canyon gathers tourists eager for exciting, direct contact with nature. Rafting and rafting down almost the entire course, will cause an eruption of adrenaline and a feeling of unforgettable adventure.
