

Sea Organ

Obala Kralja Petra Kreimira 4, 23 000 Zadar
43.9061721, 15.5083134

The modern icon of the city became the Sea Organ, a unique architectural marvel built recently in the submarine part of the city's waterfront. Here, the waves, streaming and flowing through the music pipes placed under the sea, create an incredible sound, the so-called sea music, which fills the wide expanse of the promenade by the sea.
