

Dobrovo Castle

Dobrovo

45.997415, 13.5273675

There has been a castle on Dobrovo since the 13th century, but it has been decaying for centuries. In its place, at the beginning of the 17th century, a new Renaissance castle building was built, which has remained relatively unchanged to us and is today considered one of the most beautiful castles in Gorizia.
