At the third kilometer from Bijeljina towards the Pavlović bridge, in the heart of Semberija plain, the Stanišić family have built Ethno Village Stanišići on an area of 15 ha. The Ethno Village Stanišići is a village of around 20 authentic wooden houses, including a milk house, a water mill, a smithy, an ambar(a wooden granary), old houses and a large guesthouse, all of them brought there from villages of Vares Municipality, and villages of Mount Zvijezda and Mount Romanija, from neighboring municipalities.
